

Our school is known for academic excellence and our outstanding results in the board examinations consistently bears testimony to this. Every year 100% results have been achieved by our students in CBSE Class X & XII Board Examinations.

In today's scenario integration of life skills, holistic health & well being, awareness about various Environmental and Social issues in our curriculum is of utmost importance. Therefore along with academics, all these aspects are taken care of to ensure the overall development of the students.

All the important days like World Health Day, World Environment Day, World Water Day, International Yoga Day etc are also celebrated by conducting various activities like painting, slogan writing, debate and declamation competitions to make the students realize the importance of these days.

Our students have also excelled in various Sports like Boxing, Shooting, kho-kho, Kabaddi etc by winning various tournaments at State and National level.

Time to time our teachers attend CBSE workshops/ seminars and various trainings for professional growth and to acquaint themselves with the change in the curriculum, new teaching methodologies, innovative techniques, interactive student friendly strategies to impart quality education.

It is ensured that all the CBSE circulars are followed by the teachers.

NEP is also implemented in the school to encourage Competency based education and promote higher order thinking skills such as analysis, critical thinking and conceptual clarity.

A well constituted PTA is also established and in the school and PTA members are consulted for every important decision related to school welfare.
